

HOW TO ADD SMARTGOLF WEBSITE TO THE HOME SCREEN ON A SMARTPHONE

You can add the smartgolf website as an icon on your smartphone in a number of ways.

1. On your phone's browser login to <https://smartgolfsystems.com>.
2. When the window opens tap 'Install App' and the purple circular icon will land on your phone's screen. Move the icon to a location on your phone that suits.

ALTERNATIVELY

To add a website to your Home Screen on an iPhone, follow these simple steps:

3. **Open Safari:** Launch the Safari browser on your iPhone (this only works with Safari, not third-party browsers).
4. **Visit the Website:** Navigate to the website <https://smartgolfsystems.com>
5. **Tap the Share Icon:** Once the website is loaded, tap the Share icon at the bottom of the screen. It looks like a square with an arrow pointing upward.
6. **Select "Add to Home Screen":** Scroll down the list of options and tap **Add to Home Screen**.
7. **Edit the Name (Optional):** A pop-up will appear where you can rename the website icon (or leave it as the default name).
8. **Tap "Add":** Once you're ready, tap **Add** in the top right corner.

The website will now appear on your Home Screen just like an app, and you can tap it to quickly access the site.

HOW TO ADD SMART GOLF WEBSITE TO THE HOME SCREEN ON AN ANDROID PHONE

1. **Open Chrome:** Launch the Google Chrome browser on your Android device.
9. **Visit the Website:** Navigate to the website <https://smartgolfsystems.com>
2. **Tap the Three-Dot Menu:** In the upper-right corner of the screen, tap the three-dot menu icon.
3. **Select "Add to Home Screen":** From the menu that appears, tap **Add to Home Screen**.
4. **Edit the Name (Optional):** A pop-up will appear, allowing you to rename the website shortcut (or leave it as the default name).
5. **Tap "Add":** After that, tap **Add**. A confirmation box may appear asking if you want to place the icon manually or automatically. You can drag the icon to place it on your Home Screen or let it be added automatically.

Now, the website will be available on your Android Home Screen just like an app for quick access!
